EDUCATION

Lovely Professional University

Bachelor of Technology in Computer Science and Engineering, CGPA: 7.55/10

Phagwara, Punjab

Aug 2023 – Present

Dhruva Public School

Intermediate (Class 12), 75%

Najafgarh, Delhi

April 2022 – March 2023

TECHNICAL SKILLS

Languages: Java, C++ JavaScript, PHP, HTML, CSS

Frameworks & Libraries: React.js, Node.js, Express.js, GSAP, Tailwind CSS

Tools & Platforms: Git, GitHub, MongoDB, Postman, Vercel, Netlify

Core Competencies: Data Structures & Algorithms, Frontend Development, Backend Development

PROJECTS

CollabX – Full-Stack Collaboration Platform

React.js, Node.js, MongoDB

- Built a collaboration platform with role-based dashboards for startups and corporates using React.js and Tailwind CSS for responsive layouts and smooth UI animations
- Developed backend using Node.js and Express.js with secure authentication and role-based access control connected to MongoDB database
- Implemented real-time messaging and notifications using Socket.io for instant collaboration between users
- Integrated enhanced features and managed application state using local storage

BOXCARS – Vehicle Rental Platform

HTML, CSS, JavaScript, Node.js

- Created responsive vehicle rental interface with search filters, listing cards, and interactive review slider using HTML, CSS, and JavaScript
- Designed authentication screens and planned backend architecture using Node.js, Express, and MongoDB
- Deployed functional frontend on Netlify enabling users to explore vehicles and test booking workflows

TRAINING & CERTIFICATIONS

Full-Stack Development in React.js – Techvanto Academy

June 2025

- Learned React.js fundamentals including component-based architecture and Hooks (useState, useEffect)
- Built reusable UI components and practiced modern UI/UX animations using GSAP library
- Developed project showcasing smooth transitions and custom loader animations, deployed at [Netlify](#)

Additional Certifications:

Generative Artificial Intelligence – Hack2Skill (Aug 2025)

Privacy & Security in Social Media – NPTEL (Oct 2025)

ACHIEVEMENTS

- **2nd Place - Hack N Hunt 2.0:** Secured second position among 100+ participants by solving multiple technical problems, demonstrating strong problem-solving abilities
- **Active Competitive Programmer:** Regular practice on LeetCode and GeeksforGeeks with focus on Data Structures and Algorithms

ADDITIONAL SKILLS

Soft Skills: Team Collaboration, Adaptability, Time Management, Problem Solving

Areas of Interest: Web Development, Competitive Programming, Open Source Contribution
